## Subject index of volume 45

**ACE gene;** AGT gene; Insulin-dependent diabetes mellitus; Diabetic nephropathy; Diabetic retinopathy **45, 41**

**AGT gene;** ACE gene; Insulin-dependent diabetes mellitus; Diabetic nephropathy; Diabetic retinopathy **45, 41**

**Aldose reductase;** Type 2 diabetes; Diabetic microangiopathy **45, 9**

**Antioxidant;** Diabetes; Neuropathy; Nerve conduction velocity; Blood flow; Ischemia; Free radicals; Nitric oxide; Vascular endothelium; Vitamin E;  $\alpha$ -Lipoic acid **45, 137**

**Antioxidant enzyme;** Thioredoxin-dependent peroxidase; Peroxiredoxin; Hydrogen peroxide; Mitochondria **45, 101**

**Antioxidant;** Glomerulosclerosis; Foam cells; LDL; Reactive oxygen species; Human mesangial cells; Mesangial matrix **45, 117**

**Blood flow;** Diabetes; Neuropathy; Nerve conduction velocity; Ischemia; Antioxidant; Free radicals; Nitric oxide; Vascular endothelium; Vitamin E;  $\alpha$ -Lipoic acid **45, 137**

**Calcium;** Nitric oxide; Ras; NMDA **45, 113**

**Ca<sup>2+</sup> signalling;** Free radicals; Endothelial cells; Nitric oxide; Glycated LDL **45, 153**

**Cell proliferation;**  $\alpha$ -Tocopherol; Vitamin E; Protein kinase C; Vascular smooth muscle cell; Protein phosphatase; Oxidative stress **45, 191**

**Chronic renal disease;** Hyperglycemia; Oxidative stress; Diabetes; Mitochondrial DNA; Deletion; 8-hydroxydeoxyguanosine; Reactive oxygen species; Retinopathy; Nephropathy **45, 161**

**Cystic fibrosis;** Cystic fibrosis related diabetes mellitus; Diabetes mellitus **45, 61**

**Cystic fibrosis related diabetes mellitus;** Cystic fibrosis; Diabetes mellitus **45, 61**

**DAG kinase;** Vascular smooth muscle; Diacylglycerol (DAG)-protein kinase C (PKC) pathway; Vitamin E **45, 183**

**Deletion;** Hyperglycemia; Oxidative stress; Diabetes; Mitochondrial DNA; 8-hydroxydeoxyguanosine; Reactive oxygen species; Retinopathy; Nephropathy; Chronic renal disease **45, 161**

**Diabetes;** Hyperglycemia; Oxidative stress; Mitochondrial DNA; Deletion; 8-hydroxydeoxyguanosine; Reactive oxygen species; Retinopathy; Nephropathy; Chronic renal disease **45, 161**

**Diabetes mellitus;** Cystic fibrosis; Cystic fibrosis related diabetes mellitus **45, 61**

**Diabetes mellitus;** Fluid shear stress; Vascular cells; Gene regulation **45, 89**

**Diabetes mellitus;** Retinopathy; Nephropathy; Metabolic control; Duration; Routine care **45, 15**

**Diabetes;** Neuropathy; Nerve conduction velocity; Blood flow; Ischemia; Antioxidant; Free radicals; Nitric oxide; Vascular endothelium; Vitamin E;  $\alpha$ -Lipoic acid **45, 137**

- Diabetic microangiopathy**; Type 2 diabetes; Al-dose reductase 45, 9
- Diabetic nephropathy**; ACE gene; AGT gene; Insulin-dependent diabetes mellitus; Diabetic retinopathy 45, 41
- Diabetic nephropathy**; Extracellular matrix; High glucose; Oxidative stress; Protein kinase C 45, 147
- Diabetic retinopathy**; ACE gene; AGT gene; Insulin-dependent diabetes mellitus; Diabetic nephropathy 45, 41
- Diabetic retinopathy**; Screening; Fundus photography; Digital image 45, 1
- Diabetic vascular complications**; Protein kinase C; Vitamin E 45, 169
- Diacylglycerol (DAG)-protein kinase C (PKC) pathway**; Vascular smooth muscle; DAG kinase; Vitamin E 45, 183
- Digital image**; Diabetic retinopathy; Screening; Fundus photography 45, 1
- Duration**; Retinopathy; Nephropathy; Metabolic control; Routine care; Diabetes mellitus 45, 15
- Endothelial cells**; Free radicals;  $\text{Ca}^{2+}$  signalling; Nitric oxide; Glycated LDL 45, 153
- Endothelial cells**; Insulin-resistant state; Excess of  $\text{O}_2^-$  production 45, 199
- Endothelial cells**; Vasoactive substances; Shear stress; Oxidative stress 45, 83
- Excess of  $\text{O}_2^-$  production**; Insulin-resistant state; Endothelial cells 45, 199
- Extracellular matrix**; Diabetic nephropathy; High glucose; Oxidative stress; Protein kinase C 45, 147
- Fasting plasma glucose**; Impaired fasting glucose; Impaired glucose tolerance 45, 51
- Fluid shear stress**; Diabetes mellitus; Vascular cells; Gene regulation 45, 89
- Foam cells**; Glomerulosclerosis; LDL; Reactive oxygen species; Human mesangial cells; Mesangial matrix; Antioxidant 45, 117
- Free radicals**; Diabetes; Neuropathy; Nerve conduction velocity; Blood flow; Ischemia; Antioxidant; Nitric oxide; Vascular endothelium; Vitamin E;  $\alpha$ -Lipoic acid 45, 137
- Free radicals**; Endothelial cells;  $\text{Ca}^{2+}$  signalling; Nitric oxide; Glycated LDL 45, 153
- Fundus photography**; Diabetic retinopathy; Screening; Digital image 45, 1
- Gene regulation**; Diabetes mellitus; Fluid shear stress; Vascular cells 45, 89
- Glomerulosclerosis**; Foam cells; LDL; Reactive oxygen species; Human mesangial cells; Mesangial matrix; Antioxidant 45, 117
- Glycated LDL**; Free radicals; Endothelial cells;  $\text{Ca}^{2+}$  signalling; Nitric oxide 45, 153
- High glucose**; Diabetic nephropathy; Extracellular matrix; Oxidative stress; Protein kinase C 45, 147
- Human mesangial cells**; Glomerulosclerosis; Foam cells; LDL; Reactive oxygen species; Mesangial matrix; Antioxidant 45, 117
- 8-hydroxydeoxyguanosine**; Hyperglycemia; Oxidative stress; Diabetes; Mitochondrial DNA; Deletion; Reactive oxygen species; Retinopathy; Nephropathy; Chronic renal disease 45, 161
- Hydrogen peroxide**; Antioxidant enzyme; Thioredoxin-dependent peroxidase; Peroxiredoxin; Mitochondria 45, 101
- Hyperglycemia**; Oxidative stress; Diabetes; Mitochondrial DNA; Deletion; 8-hydroxydeoxyguanosine; Reactive oxygen species; Retinopathy; Nephropathy; Chronic renal disease 45, 161
- Impaired fasting glucose**; Fasting plasma glucose; Impaired glucose tolerance 45, 51
- Impaired glucose tolerance**; Fasting plasma glucose; Impaired fasting glucose 45, 51
- Insulin-dependent diabetes mellitus**; ACE gene; AGT gene; Diabetic nephropathy; Diabetic retinopathy 45, 41
- Insulin resistance**; Plasma cell antigen-1 (PC-1); NIDDM 45, 25

- Insulin-resistant state;** Endothelial cells; Excess of  $O_2^-$  production 45, 199
- Ischemia;** Diabetes; Neuropathy; Nerve conduction velocity; Blood flow; Antioxidant; Free radicals; Nitric oxide; Vascular endothelium; Vitamin E;  $\alpha$ -Lipoic acid 45, 137
- LDL;** Glomerulosclerosis; Foam cells; Reactive oxygen species; Human mesangial cells; Mesangial matrix; Antioxidant 45, 117
- $\alpha$ -Lipoic acid;** Diabetes; Neuropathy; Nerve conduction velocity; Blood flow; Ischemia; Antioxidant; Free radicals; Nitric oxide; Vascular endothelium; Vitamin E 45, 137
- Lox-1;** Oxidized LDL; Monocyte adhesion molecules; Lysophosphatidylcholine 45, 123
- Lysophosphatidylcholine;** Oxidized LDL; Monocyte adhesion molecules; Lox-1 45, 123
- Mesangial matrix;** Glomerulosclerosis; Foam cells; LDL; Reactive oxygen species; Human mesangial cells; Antioxidant 45, 117
- Metabolic control;** Retinopathy; Nephropathy; Duration; Routine care; Diabetes mellitus 45, 15
- Mitochondria;** Antioxidant enzyme; Thioredoxin-dependent peroxidase; Peroxiredoxin; Hydrogen peroxide 45, 101
- Mitochondrial DNA;** Hyperglycemia; Oxidative stress; Diabetes; Deletion; 8-hydroxydeoxyguanosine; Reactive oxygen species; Retinopathy; Nephropathy; Chronic renal disease 45, 161
- Mitochondrial DNA;** Mitochondrial genome; Thrifty genome 45, 127
- Mitochondrial genome;** Thrifty genome; Mitochondrial DNA 45, 127
- Monocyte adhesion molecules;** Oxidized LDL; Lysophosphatidylcholine; Lox-1 45, 123
- Nephropathy;** Hyperglycemia; Oxidative stress; Diabetes; Mitochondrial DNA; Deletion; 8-hydroxydeoxyguanosine; Reactive oxygen species; Retinopathy; Chronic renal disease 45, 161
- Nephropathy;** Retinopathy; Metabolic control; Duration; Routine care; Diabetes mellitus 45, 15
- Nerve conduction velocity;** Diabetes; Neuropathy; Blood flow; Ischemia; Antioxidant; Free radicals; Nitric oxide; Vascular endothelium; Vitamin E;  $\alpha$ -Lipoic acid 45, 137
- Neuropathy;** Diabetes; Nerve conduction velocity; Blood flow; Ischemia; Antioxidant; Free radicals; Nitric oxide; Vascular endothelium; Vitamin E;  $\alpha$ -Lipoic acid 45, 137
- NIDDM;** Plasma cell antigen-1 (PC-1); Insulin resistance 45, 25
- Nitric oxide;** Diabetes; Neuropathy; Nerve conduction velocity; Blood flow; Ischemia; Antioxidant; Free radicals; Vascular endothelium; Vitamin E;  $\alpha$ -Lipoic acid 45, 137
- Nitric oxide;** Free radicals; Endothelial cells;  $Ca^{2+}$  signalling; Glycated LDL 45, 153
- Nitric oxide;** Ras; NMDA; Calcium 45, 113
- NMDA;** Nitric oxide; Ras; Calcium 45, 113
- Oxidative stress;** Diabetic nephropathy; Extracellular matrix; High glucose; Protein kinase C 45, 147
- Oxidative stress;** Hyperglycemia; Diabetes; Mitochondrial DNA; Deletion; 8-hydroxydeoxyguanosine; Reactive oxygen species; Retinopathy; Nephropathy; Chronic renal disease 45, 161
- Oxidative stress;**  $\alpha$ -Tocopherol; Vitamin E; Protein kinase C; Vascular smooth muscle cell; Cell proliferation; Protein phosphatase 45, 191
- Oxidative stress;** Vasoactive substances; Endothelial cells; Shear stress 45, 83
- Oxidized LDL;** Monocyte adhesion molecules; Lysophosphatidylcholine; Lox-1 45, 123
- Peroxiredoxin;** Antioxidant enzyme; Thioredoxin-dependent peroxidase; Hydrogen peroxide; Mitochondria 45, 101
- Plasma cell antigen-1 (PC-1);** NIDDM; Insulin resistance 45, 25
- Prandial glucose regulation;** Repaglinide; Type 2 diabetes 45, 31
- Protein kinase C;** Diabetic nephropathy; Extracellular matrix; High glucose; Oxidative stress 45, 147

- Protein kinase C;**  $\alpha$ -Tocopherol; Vitamin E; Vascular smooth muscle cell; Cell proliferation; Protein phosphatase; Oxidative stress **45, 191**
- Protein kinase C;** Vitamin E; Diabetic vascular complications **45, 169**
- Protein phosphatase;**  $\alpha$ -Tocopherol; Vitamin E; Protein kinase C; Vascular smooth muscle cell; Cell proliferation; Oxidative stress **45, 191**
- Ras;** Nitric oxide; NMDA; Calcium **45, 113**
- Reactive oxygen species;** Glomerulosclerosis; Foam cells; LDL; Human mesangial cells; Mesangial matrix; Antioxidant **45, 117**
- Reactive oxygen species;** Hyperglycemia; Oxidative stress; Diabetes; Mitochondrial DNA; Deletion; 8-hydroxydeoxyguanosine; Retinopathy; Nephropathy; Chronic renal disease **45, 161**
- Repaglinide;** Prandial glucose regulation; Type 2 diabetes **45, 31**
- Retinopathy;** Hyperglycemia; Oxidative stress; Diabetes; Mitochondrial DNA; Deletion; 8-hydroxydeoxyguanosine; Reactive oxygen species; Nephropathy; Chronic renal disease **45, 161**
- Retinopathy;** Nephropathy; Metabolic control; Duration; Routine care; Diabetes mellitus **45, 15**
- Routine care;** Retinopathy; Nephropathy; Metabolic control; Duration; Diabetes mellitus **45, 15**
- Screening;** Diabetic retinopathy; Fundus photography; Digital image **45, 1**
- Shear stress;** Vasoactive substances; Endothelial cells; Oxidative stress **45, 83**
- Thioredoxin-dependent peroxidase;** Antioxidant enzyme; Peroxiredoxin; Hydrogen peroxide; Mitochondria **45, 101**
- Thrifty genome;** Mitochondrial genome; Mitochondrial DNA **45, 127**
- $\alpha$ -Tocopherol;** Vitamin E; Protein kinase C; Vascular smooth muscle cell; Cell proliferation; Protein phosphatase; Oxidative stress **45, 191**
- Type 2 diabetes;** Aldose reductase; Diabetic microangiopathy **45, 9**
- Type 2 diabetes;** Prandial glucose regulation; Repaglinide **45, 31**
- Vascular cells;** Diabetes mellitus; Fluid shear stress; Gene regulation **45, 89**
- Vascular endothelium;** Diabetes; Neuropathy; Nerve conduction velocity; Blood flow; Ischemia; Antioxidant; Free radicals; Nitric oxide; Vitamin E;  $\alpha$ -Lipoic acid **45, 137**
- Vascular smooth muscle cell;**  $\alpha$ -Tocopherol; Vitamin E; Protein kinase C; Cell proliferation; Protein phosphatase; Oxidative stress **45, 191**
- Vascular smooth muscle;** Diacylglycerol (DAG)-protein kinase C (PKC) pathway; DAG kinase; Vitamin E **45, 183**
- Vasoactive substances;** Endothelial cells; Shear stress; Oxidative stress **45, 83**
- Vitamin E;** Diabetes; Neuropathy; Nerve conduction velocity; Blood flow; Ischemia; Antioxidant; Free radicals; Nitric oxide; Vascular endothelium;  $\alpha$ -Lipoic acid **45, 137**
- Vitamin E;** Protein kinase C; Diabetic vascular complications **45, 169**
- Vitamin E;**  $\alpha$ -Tocopherol; Protein kinase C; Vascular smooth muscle cell; Cell proliferation; Protein phosphatase; Oxidative stress **45, 191**
- Vitamin E;** Vascular smooth muscle; Diacylglycerol (DAG)-protein kinase C (PKC) pathway; DAG kinase **45, 183**
